## A-CHILLIES

**W**E ALL KNOW THAT A-CHILLIES' ABILITIES CAME QUITE HANDY IN THE WARM GREEK BEACHES.

HE FREEZE-ATTACKED ENEMIES.

## ANAXIMANDROS

**N**OT ONLY A GREAT PHILOSOPHER, ASTRONOMER AND GEOGRAPHER, BUT ALSO ONE OF THE FIRST PEOPLE TO START WRITING STUFF DOWN. IMPOSSIBLE NOT TO GET YOUR MORALE BOOSTED AROUND HIM.

HE BOOSTED MORALE BY 25% BUT LOWERED CRITICAL CHANCE BY 25%

## ANDROMACHE

**U**NFORTUNATELY, THE FIRST THING WE LEARN ABOUT HER IS THAT SHE WAS HECTOR'S WIFE. THERE IS A CHANCE THAT HOMER WOULD HAVE FAILED BECHDEL'S TEST.

SHE BOOSTED DEFENSE BY 25%

## ANDROMEDA

**F**IRST CHAINED TO A ROCK THEN RESCUED BY PERSEUS, ANDROMEDA DECIDES TO JUST HANDS OUT BONUSES. MUCH SAFER.

SHE BOOSTED MAX HP BY 40% AND MORAL BY 40%

## AGORA

**A**HI! THE AGORA! A PLACE FOR NEW BEGINNINGS, FILLED WITH REMINISCENCES OF PAST ACCOMPLISHMENTS, WELL-KEPT SECRETS AND WERE THE MOB COULD CHOOSE IT'S STARTING HEROES...

## DELPHI

**D**ELPHI WAS THE FIRST CITY THE MOB WENT THROUGH. LOTS OF WEIRD SMOKE EMITTERS THAT MADE EVERYONE DIZZY, MUD THAT MADE THE MOB SLOWER, EXPLOSIVE BARRELS... WHY IS ALL THAT STUFF SPREAD OUT THROUGH THE CITY!?

**C**ITIES (SOMETIMES CALLED WORLDS BECAUSE WE ARE INCONSISTENT), ARE WHERE THE BATTLES TOOK PLACE. EACH CITY WAS CONFORMED BY SMALL VILLAGES, AND WHEN THE MOB DEFEATED ALL THE ENEMIES IN THE CURRENT VILLAGE, THEY WERE ABLE TO MOVE TO THE NEXT VILLAGE. AT THE END OF EACH CITY, THE MOB HAD TO FACE THE GOD OF THAT CITY.

**E**ACH CITY HAD ITS OWN SET OF DANGERS AND HAZARDS, AND ENEMIES AND GODS AND SECRETS. FROM THE SLIPPERY ATLANTIS TO THE BLAZING LEMNOS, EACH CITY FELT UNIQUE. HOMER HAD A HARD TIME TRYING TO REMEMBER HOW EACH CITY LAYOUT LOOKED LIKE, BUT THE PARTICULAR DETAILS ON BUILDINGS ARE QUITE CLEAR.

If you can't find the encyclopedia, make sure you have downloaded the DLC and then check your game folder. It should be located somewhere like:

C:\\\\Programs\\\\Steam\\\\steamapps\\\\common\\\\Okhlos\\\\Okhlos - DLC - Encyclopaedia

You can then drag out the PDF document onto your desktop.

**Review:**

It is a nice requiem of the magnificent humor of the game and worth the money. It is also made in a way so that you could technically print out the pages and make little booklets out of it. Since there is no wiki for the game, you can also use it to check the heroes which you are missing for the achievements so you would know which ones to buy in game. There are some small formatting and spelling mistakes, in case you have serious OCD and can't bare that kind of stuff.

My OCD couldn't bare the thought of this encyclopedia not having a review oO. Also I love the game and the devs.
